

ALAMPATA GANESHOTSAV 2024 REPORT

Introduction

VPKBIET celebrates its Ganeshotsav Festival named Alampata for the past two years and has been successfully organizing the Ganesh Utsav celebration with great enthusiasm. This year also, the event was conducted successfully on the theme of technology. The event aimed to bring together the college community to celebrate the festival of Lord Ganesha in an eco-friendly and innovative manner and to create a technological spark among young inspiring minds.

Event Overview

1	Name of the Event	Ganesh Utsav
2	Event Start Date	07/08/2024
3	Event End Date	17/08/2024
4	Organized By	ALAMPATA VPKBIET STUDENTS
5	Place of the Event	VPKBIET College Entrance (Mian Building)
6	Event Type	Social
7	Event Objectives	1. Technology awareness. 2. Social activity for student's participation. 3. To save the environment by ecofriendly event.
8	Enclosures	1. Report 2. Photos of Event

Details of the Event

1. Eco-friendly Ganesh Murti

The initiative of this celebration is also to raise awareness among the students regarding our duty towards Mother Earth. Hence, this festival follows eco-friendly idol installation to make our nature pollution-free. This tradition of an eco-friendly model was also followed in this year's celebrations.

2. Decoration Theme – Technology

The decoration theme for the event focused on technology. The decor included elements representing various technological innovations and advancements, aligning with our identity as an engineering college. This unique theme allowed the team to blend tradition with modernity, reflecting the essence of our academic focus. It also inspired a lot of young brains.

3. Special Guest

We were honored to have Mrs. Sunetra Pawar, a Member of Rajya Sabha, as our special guest for the aarti ritual. Her presence added a significant dimension to the celebrations, inspiring students and faculty alike. Students' awareness of technology, eco-friendly celebration, and other initiatives of Team Alampata were praised by her.

4. Aarti Distribution

This celebration involved the overall college community. Hence, everyday aarti rituals and prasad responsibility were given to different departments, enabling their participation as well as management responsibility. It also included the participation of the Sports and Cultural departments, bringing more enthusiasm to the event.

5. Competitions Held

As part of the Ganesh Utsav celebrations, two competitions were organized:

1. Telegram Bot Image Generative Competition: Students were challenged to generate creative images using the Telegram bot InstaVision, an innovative AI-powered bot developed by Mr. Yash Shukla, an esteemed alumnus of VPKBIET. This bot, which played a crucial role in the event's success, allowed students to explore AI-based image generation.
(InstaVision Bot by Yash Shukla - <https://github.com/StudiYash/InstaVision>).
2. Technical Poster Making Competition: Participants created posters based on technical themes, encouraging a fusion of artistic expression and engineering concepts.

6. Contribution by Alumni - Yash Shukla

A special mention and heartfelt gratitude to Mr. Yash Shukla, a proud alumnus of VPKBIET from the 2024 IT Department batch, whose contribution through his InstaVision Bot made this year's celebration truly unique. His technical expertise and dedication helped in organizing an innovative AI-powered competition, showcasing the potential of AI in creative domains. The use of InstaVision added a new dimension to the event, enhancing student engagement and technological awareness.

7. Visarjan Ceremony

The celebrations concluded with the Ganesh Visarjan, where the eco-friendly idol was immersed in the VPKBIET engineering well. This environmentally conscious approach to the visarjan reflected our dedication to sustainability. Alampata always focuses on eco-friendly events and encourages others to follow the practice.

8. Some Glimpss of ALAMPATA Ganeshotsav 2024

Conclusion

The Ganesh Utsav celebration, organized by VPKBIET, was a tremendous success. The blend of eco-friendly practices, technological innovation, and traditional devotion brought the college community together. The competitions added an element of creativity and technical engagement, making the event enriching for all participants.

We are also grateful to Mrs. Sunetra Pawar, a Member of Rajya Sabha, for gracing our celebration with her esteemed presence during the aarti. Her participation added immense value to the event, and her words of encouragement truly motivated the students and faculty alike. Her support for technology-driven initiatives and eco-friendly celebrations was deeply appreciated by everyone present. We sincerely thank her for taking the time to be a part of Alampata 2024, and we hope to have the honour of welcoming her again in our future celebrations, where her presence will continue to inspire and uplift the spirit of the event.

A special thank you to Mr. Yash Shukla, whose contribution through the InstaVision Bot made a remarkable impact on this year's celebration. His dedication and innovation played a pivotal role in ensuring the success of the Telegram Bot Image Generative Competition. We deeply appreciate his efforts and look forward to continued collaborations in the future.

We look forward to continuing this tradition with even more innovative themes in the future.

Protect Mother Earth and contribute towards Humanity.

Ganapati Bappa Moraya.
